## SCHEME OF CHINESE.

Taking Ministers Away from Pekin to Hide the Massacre.

## THE STORY MADE UP

**Chinese Troops Will Declare Boxers Defeated Them and Murdered All the Ministers on the Road to Tien Tsin.**

Shanghai, July 27.—The proposal made by the Chinese government to the American consul, through Taotai Sheng that hostilities against the Chinese should cease upon condition that the foreign ministers were sent under escort to Tien Tsin, appears to be part of a deep-laid plan to conceal the date of the massacre and the duplicity of the officials who, being in possession of the news suppressed it.

The story will be that the ministers all left Pekin under a strong escort, but were set upon by a mob of boxers. It will be announced that although the Chinese soldiers fought bravely they were overcome and all were massacred.

In an interview which he has had with the American consul here, Li Hung Chang declared that the ministers in Pekin were all safe. He denied the statement that Kang Yi had been appointed viceroy at Canton.

The viceroy of Nankin, Lin Kun Yi, is himself ignorant whether the ministers are alive or dead.

Lin Kun Yi is determined to preserve order in his provinces, but if any reasonable fear becomes current of the partition of China being intended or of personal injury to the empress dowager being threatened the whole of central China will explode. The situation is, indeed, very precarious.

The new expedition for Pekin is expected to leave Tien Tsin inside a fortnight.

Chinese troops have retreated from the native city of Tien Tsin and are concentrating at Yaung Tun, on the railway line to Pekin, with a view to opposing the advance of the allies.

### LEFT FOR TIEN TSIEN.

**Reported Foreign Ministers Leave Pekin Escorted by Chinese Troops.**

London, July 27.—The reports from Shanghai reiterate the information that the surviving members of the diplomatic corps have already left Pekin on the way to Tien Tsin, escorted by troops of Jung Lu, commander-in-chief of the Chinese forces. This move, it is stated, is the outcome of very stormy interviews between Li Hung Chang and the foreign consuls, and to have been taken in the hope of abating the wrath of the powers and delaying the advance of the allies toward Pekin. A dispatch received from the same source states that half of the foreigners in Pekin have been killed or wounded or died as the result of privations undergone.

Simultaneously comes a cable dispatch to the Daily Mail from Shanghai announcing a letter has been received from Sir Claude MacDonald, the British minister to China, under date of Pekin, July 6, saying the legations were under constant fire and that three were still standing, but that the foreigners received no assistance from the authorities. Owing to the cowardice of the Chinese, Sir Claude wrote it was hoped the legations would be able to hold out for a fortnight, but if pressed, their resistance could not last more than four days at the utmost.

The dispatch adds that the losses of the foreigners in Pekin up to July 6, were 40 killed and 80 wounded. Some of the statements above are strikingly similar to the published version of Sir Claude MacDonald's letter of July 4, if not the same letters. Chinese artillery would appear to be strangely ineffective as the casualties were the same according to letters of both dates.

As lending color to the suggestion the communications are identical and it can be stated the Belgian foreign office has received a dispatch from Shanghai mentioning receipt of a letter from Sir Claude MacDonald, dated July 4, in which it was stated that the besieged foreigners in Pekin were reduced to horse flesh. The Belgian consul at Shanghai also reports a servant of the German minister, who left Pekin July 9, states that the British legation only was attacked at night and if resupplied he believed they could hold out.

### MORE DOUBT EXISTS.

**United States Beginning to Believe Chins Has No Good Faith.**

Washington, July 27.—There are now developments to warrant the assumption that there is the slightest improvement in the Chinese situation. Indeed, the general tenor of the news, added to the steadily growing doubt as to the good faith of the Chinese government as manifested in the acts. Admiral

Kempf's letter makes the direct statement that the imperial authorities were in sympathy with the boxers, though he added that the government was paralyzed and incapable of controlling the situation. This was the first official declaration to reach the United States government contradictory of the Chinese representations that the Chinese imperial government had steadfastly and from the first opposed the boxer movement and our government is bound to except the word of its own officer until that is overcome by irrefutable evidence. Then the exchanges that are in constant progress between the powers are tending more and more to cast suspicion upon the genuineness of the many communications that have come from Pekin through Chinese governmental sources. If it should be finally established that there has been an attempt on their part to practice a gigantic fraud upon the world, the fact may call for a change of attitude on the part of the United States government toward China. This would not effect the military policy already undertaken but merely the technical relations between the two governments which probably would closely approach a step of formal war.

The navy department has contributed a brief news item in the shape of a vindication by Admiral Remey of the United States marines from the general charge of looting at Tien Tsin. The admiral had a good deal more than this to report to the department, but the officials did not regard the rest of his report as proper for publication just now.

### GOING TO CUBA.

**Timid Chinese Will Go There from New York to Work Tobacco.**

New York, July 27.—Many of the Chinamen of this city who fear that revenge will be taken on them for the outrages of the boxers in China, are arranging to leave the city, but they are not going to China. The island of Cuba is the haven of safety which they have in view, and inducements for them to go there are not wanting. The amount of Spanish money which is in circulation is proof of the success of the Chinamen who have recently returned from the island. The stories they tell of profitable work on the tobacco plantations and the considerate treatment they received from the Spaniards and Cubans is having its effect on those who are anxious to leave this city.

The prospect of a big tobacco crop is responsible for the establishment of several new cigar factories. Chong Bing, manager of the Kwong Lung Jim company, said that a great many Chinese would be sent to the plantations in which different Chinamen of this city are interested. Many laborers are to go as well as expert tobacco handlers. He says the crop is going to be bigger and better than ever before, and that the Chinamen have secured their share of it.

### Deep Laid Scheme.

London, July 27.—It is alleged the departure of the ministers from Pekin has led to the reassertion of the belief that it is part of a deep laid plan by China to conceal the date of the massacre at Pekin, the suggestion being that the Chinese officials will claim the ministers left Pekin under strong escort but were ambushed and massacred by boxers enroute to Tien Tsin. However, although it is still believed the massacre has occurred of the foreign colony at Pekin, a disposition now is to think the ministers somehow were rescued from a tragic fate.

### Reported Safe July 24.

New York, July 27.—A dispatch to the Herald from Canton July 24, says: Special couriers who have just arrived at the yamen of the viceroy of Tali Su, bring reports which, if true, confirm the previous messages asserting that the foreign ministers are safe in Pekin.

### Tuan Defeats Ching.

Berlin, July 27.—A dispatch received here, dated Tien Tsin, July 24, says: "A messenger who left Pekin July 15, brought today to the customs officer here news that Prince Tuan's soldiers had been fighting Prince Ching's troops and had been defeated. Foreigners were defending themselves in the northern cathedral near the Forbidden City.

### Missionaries Murdered.

London, July 27.—In missionary circles at Shanghai, according to a dispatch received here, it has been learned that all of the missionaries at Pao Ting, in the province of Pe Chi Li, have been murdered. All the people of the mission at Amoy, province of Fo Kien, are reported well.

### Chinese Proposal Refused.

Washington, July 27.—The United States government has absolutely refused to suspend military operations against Pekin in return for the delivery at Tien Tsin of foreign ministers.

### Ready to Fight China.

Phoenix, Ariz., July 27.—In case of trouble in China Arizona can furnish, if necessary, eight companies complete in a few hours' notice and the greater portion of her three troops of rough riders would again volunteer. Preparations are being made to fit a force out in quick time.

### Judge Black on the Stand.

Georgetown, Ky., July 27.—The first witness called in the Powers trial today was Judge James D. Black of Barboursville, who was the candidate for the Democratic nomination for governor before the state convention. He testified as to the letter which Powers wrote to James Stevens of Barboursville on Feb. 20, in which these statements were made:

"I am largely responsible for the disorganized condition of the Democrats" and "I am an open advocate of war."

The Eagle is authorized to announce

M. NAGLE

as a candidate for county attorney of Brazos county at the ensuing November election.

County Judge J. H. Teague of Grimes county is the populist nominee for comptroller. The Examiner says: "The Grimes county jurist will doubtless bear the attendant honors lightly and with becoming dignity."

The republicans will make an effort to elect a congressman in the San Antonio district and will bring Roosevelt down to help them.

Teddy had better save his hat, teeth and spurs for service in the campaign elsewhere where they will do some good.

Sighing is but another name for oxygen starvation. The cause of sighing is most frequently worry. An interval of several seconds often follows moments of mental disquietude, during which time the chest walls remain rigid until the imperious demand is made for oxygen, thus causing the deep inhalation.

It is the expiration following the inspiration that is properly termed the sigh, and this sigh is simply an effort of the organism to obtain the necessary supply of oxygen. The remedy is to cease worrying. One may be anxious, but there is no rational reason for worrying. A little philosophy will banish worry at once. Worry will do no good; it will rob one of pleasures when blessings do come, as one will not be in a condition to enjoy them.—August Ladies' Home Journal.

The conviction deepens that the Chinese, having butchered all the foreigners, are craftily playing for time, and that the new century will dawn with a terrible war in the east in full blast.

Three months for a dollar is cheap enough for the Daily Eagle, and by paying it in advance you get a guess at the census, for the prizes named elsewhere. dtf

### STRONG TESTIMONY.

#### A Witness Gives Some Evidence Against Youtsey and Powers.

Georgetown, July 27.—There was several features in the evidence in the Powers trial Thursday. Constable Davis Harrod of Frankfort, who entered the executive building a minute or two after the shooting of Goebel testified that he saw a man whose description tallied with that of Youtsey close the door of the office of the secretary of state behind him and run down the basement steps.

W. H. Wagner of Williamsburg, the home of Charles Finley, who arrived in Frankfort with the mountain men, Jan. 25, and spent much of his time between that time and the day of the assassination in Powers' office, gave damaging testimony against both Powers and Youtsey. He said that on Friday preceding the assassination, several parties were in Powers' office discussing ways and means of defeating Goebel before the legislature and one of the men in the party said: "Somebody ought to kill the d—d rascal." Another replied: "I have made up my mind to do that myself."

The witness said he did not know either of the men talking at the time, but he had seen Youtsey recently and was almost positive he was the man who made the latter remark. Witness overheard Powers talking complainingly on the day Representative Berry was unseated, and according to his statement Powers said: "We might be able to do something if the head of the ticket would act. If he does not, I intend to expose the whole d—d business."

The defense put Robert Noakes on the stand in the afternoon and questioned him at length for the purpose of laying a foundation to contradict his testimony. A letter written by Noakes to his cousin Miss Effie Blankenship, at Crawfordville, Ind., since his arrest, promises to play an important part in the matter so far as Noakes' testimony is concerned in the event the defense can produce the letter.

What is alleged to be the substance of it was presented to the court, clipped from a newspaper. The matter was not given to the jury. Judge Cantrell ruling that the witness could not be questioned concerning the letter or its contents unless it was first shown that the letter had either been lost or destroyed.

#### SIMPSON BADLY TREATED.

#### Crowd of Hoodlums Would Not Let Him Speak at Fort Scott.

Fort Scott, Kas., July 27.—Ex-Representative Jerry Simpson was routed here last night by a crowd of hoodlums while attempting to deliver a political address in the amphitheater at the race track. A crowd of probably 200 roughs went to the meeting to create a disturbance. One of the leaders, a big negro, jumped upon the platform and when the ex-con-

JERRY SIMPSON.

gressmen attempted to push him off the negro fought and they both went to the floor. Others of the mob rushed in and Mr. Simpson was in danger of rough treatment until Mayor Goodlander and a crowd of professional and business men took a hand and beat off the rowdies. Several of the latter were arrested, but the mob later overpowered the police and released the prisoners. Mr. Simpson's speech was not finished. Many of the city's best people were in the audience.

#### Cloudburst in Kansas.

Solomon, Kas., July 27.—A terrific cloudburst occurred at Solomon at 3 o'clock Tuesday morning. Over six inches of water fell in an hour. The resident district of the town was under water from 2 to 8 feet deep. Dozens of houses were flooded and the residents were either compelled to flee or move into the top stories.

#### Skull Crushed.

Corsicana, Tex., July 27.—While playing in the yard in front of his father's house, the 3-year-old son of Jude Wilson was kicked on the head by a horse that was grazing in the yard and his skull was crushed, a large piece of the skull being afterward removed. It is hovering between life and death.

#### Died Under an Assumed Name.

St. Louis, July 27.—Under an assumed name, his past prominence forgotten and poverty stricken, Mortimer D. Shaw, who conducted the telegraphers strike in 1883, passed away in the city hospital here on July 13. Only Thursday was his identity brought to light after he had been buried in a potter's field.

#### Broke His Neck.

Gainesville, Tex., July 27.—Captain Eli Sellars, a member of the county commissioners' court fell from the top of a ladder in his barn, some 10 feet, to the floor, striking on the side of head and breaking his neck. He was 60 years of age.

### Subterranean Banquet.

Lord Beauchamp, the governor of New South Wales, has had a novel experience. While on a visit to the collieries of Newcastle he was entertained at a banquet in a coal mine 300 feet below the surface of the earth. In a chamber ninety feet long, fifteen feet wide and nine feet high seventy guests sat down to dinner. The novel dining room showed no signs of what it had been, for electric lights, flags, evergreen and carpets had transformed it into an elegant apartment.

Fresh meal on hand everyday and wood at all times at the old creamery. B. H. K.

Mr. and Mrs. Henry Conway and sister Miss Ula went to San Jacinto County Monday.

Mrs. Johnson and daughter of Bryan visited Mrs. Conway Sunday.

The protracted meeting will begin Saturday before the 2nd Sunday in August. Everybody is invited to meet at the four mile post on the Mumford road August 10 to build an arbor to hold the meeting under.

There will be two Deacons ordained at the begining of the meeting, the pastor will decide what day the ordination will be.

The firemen have gone enthusiastically to work to help make the big celebration. They held a called meeting last night, appointed committees as follows: Invitational—Brandon, Lemon, Kesler; Arrangements and Decoration—C. E. Jenkins, Wittman, Worley; Badges—Webb, Wooten, Daly; Reception—Howell, C. E. Jenkins, Leman; Tables—Christian, Odum, Hill Wilson. Four companies will be invited to the celebration to participate in the parade and accept the hospitality of the local company—Palestine, Taylor, Calvert and Navasota—and all are expected to attend.

In the language of the boys the railroad celebration will be "the biggest thing that ever came down the pike." A splendid trade display is already assured. The following have already signified their intention of taking part: Garth, Howell & Webb, Oil Mill & Ginnery, Zuber & McDougald, Saunders & Johnson, T. W. Higgs, Parks & Waldrop, Mistrot Bros & Co., Bryan Grocery Co., Howell Bros, Burt Norwood, Kernole Bros, James & Castles and Dansby & Dansby.

Dr. J. L. Fountain has purchased a tract of land west of town through which the railroad runs, and on which the building of a dam will make an artificial lake of twenty-five or thirty acres. To this can be added a pavilion and an elegant park or pleasure resort will be at the disposal of the people of Bryan. With a switch there access to the grounds will be easy. We also learn there is a fine gravel pit on this land.

Parties from different parts of the county report that the people are coming and bringing their baskets to take part in the railroad celebration.

### FAVOR SPANISH FLAG.

Puerto Ricans Hold to the Custom of Spain Better Than America.

San Juan, Puerto Rico, July 27.—From end to end of the street of San Juan were a labyrinth of glittering Spanish flags in honor of St. Jago, the patron saint of Spain. Banners and bunting suspended from house to house covered the thoroughfares and everywhere the balconies were richly decorated. There was no attempt whatever to display the American colors. The celebration of the Fourth of July was totally eclipsed. At that time the citizens were unable to raise a dollar for the purpose of demonstrations. Now there was no difficulty in carrying through a programme which must have cost \$5000. Six native houses displayed the stars and stripes. On the other hand it is estimated that no fewer than 2500 Spanish flags were flown to the breeze. The real feeling of the people was expressed by bands of hoodlums who paraded the streets in the less respectable quarters carrying Spanish flags and shouting "Viva Espanol."

The fact that the day was the second anniversary of the landing of the United States troops under General Miles seemed to have been forgotten here. Although at Ponce, Mayaguez and other places there were slight observances of the anniversary. It is apparent that the local celebration has been carefully arranged to eclipse that of the Fourth of July.

A prominent Puerto Rican discussing the celebration from that point of view said:

"Our people should not be blamed by the Americans for expressing their feelings in this way. The United States constitution has not been extended to the island. The privileges of citizenship have been denied them. Then under such conditions Puerto Ricans cannot appreciate American institutions and naturally would not observe American holidays. The celebration, however, was purely Spanish, and many native Puerto Ricans did not participate."

### BRYAN NOTIFICATION.

Martin Threatens to Postpone Unless Better Rates Are Granted.

Indianapolis, July 27.—Chairman Martin of the Democratic state convention replying to an inquiry as to whether Mr. Bryan would speak here at night after his notification brought a surprising reply. The chairman was "mad."

"It does not look right now as if Mr. Bryan would be here. It don't look as if the notification would be held at all."

"Do you mean that Mr. Bryan cannot come?" was asked Mr. Martin.

"I mean that unless the railroads give us terms that are just I will call this notification off and not let it be held in the state of Indiana. The railroads have held the Democratic committees up for years and they are at the same old game. But I promise that unless better terms are made than those offered this notification will be declared off."

### Prosecuted by a Preacher.

Anderson, Ind., July 27.—Rev. J. W. Williams, pastor of the Second Baptist church, filed an affidavit in a justice's court here against W. S. Lampkins, a member of his flock, and also the clerk of the board of deacons, charging him with criminal libel. Some time ago Williams and the church officials had some trouble over salary, and the pastor brought suit for \$300. Soon after that an article appeared in the city papers scoring the pastor and his pious wife.

The article was supposed to be by order of the board of deacons of the church, but they deny having anything to do with it, and the minister is after the clerk of the board, whose name appears to the article. Rev. Williams said that he would prosecute the brother to the full extent of the law.

### Jester Trial About Over.

New London, Mo., July 27.—In the trial of Alexander Jester, charged with the murder of Gilbert Gates, William S. Shrewsbury, who testified to seeing the murdered man's body in Jester's wagon in Hulen's lane, was again under fire on Thursday from the defense in an effort to impeach his testimony. Three witnesses from his home town in Arkansas swore to his good reputation. Both sides have rested the case and while Judge Eby prepares the instructions to the jury the lawyers are preparing for the arguments.

### Socialist State Convention.

San Antonio, July 27.—The Socialists of Texas have just finished their state convention in this city. The party polled a little over 600 votes in this state last election and the convention here was attended by 30 delegates and the 12 proxies. G. H. Royal of Lampasas, was nominated for governor and Edward Ballinger of San Antonio, for lieutenant governor. No other nominations were made.

### Victim of a Careless Hunter.

Killeen, Tex., July 27.—A young man by the name of Claude Debo, near town, while sitting upon a cultivator, was pierced through the body with a 22-caliber bullet, fired by an unknown party. The bullet entered just above the right nipple. He will probably die. It was probably a bullet from the gun of some careless hunter.

### Instructions to Collectors.

Washington, July 27.—The secretary of the treasury has sent letter of instructions to all collectors of customs of the Pacific coast prohibiting the exportation of arms to China.

### Died of Morphine Poisoning.

## NEW ORLEANS RIOT.

Extra Policemen and Militia Called upon by the City.

## POLICE POWERLESS.

Lawless Mobs Paraded the Streets  
Shooting at Negroes Where Seen—Business Paralyzed—Worst Believed Over.

New Orleans, July 27.—The disorderly scenes following the rioting of Wednesday night prevailed throughout the city yesterday and resulted in the swearing in by the mayor of 500 special policemen and the ordering out of 1500 state militia upon orders of Governor Heard, who responded promptly to the appeal of Mayor Capdeville for assistance in suppressing the existing lawlessness and in preventing a recurrence of the violation of Thursday night. Throughout Thursday attacks were made by irresponsible mobs of white men upon the negroes and before nightfall they had been completely chased from the streets. The effect of the disorders was to put a practical stop to business in the wholesale districts and on the levee front. As this meant a serious crippling of the trade of the port, the business elements rallied in force and hundreds of the most prominent business men of the city responded to the appeal of the mayor for assistance in preserving order.

A summary of the casualties growing out of the disturbances shows that one negro was beaten to death, six were badly wounded and their lives are despaired of, and about a score of people, white and black, male and female, have been more or less seriously wounded. In order to prevent the miscellaneous distribution of arms the mayor ordered the closing up of all the gun stores likely to supply the baser elements, and for the better preservation of the public peace, issued orders to the police to close up every saloon in the city.

Colonel Wood, who commanded the First Louisiana regiment in the Spanish war, was placed in command of the special police and it is believed peace will be kept.

## PUTTING DOWN MOBS.

New Orleans Quieter and It Is Believed the Worst Is Over.

New Orleans, July 27.—The situation here this morning was much quieter and it is now believed that except for some isolated disorders the authorities have the lawless forces well in hand. Thursday night passed with a comparative absence from violence, except for the atrocious murder of Hannah Mabry, an old negress, on Rousseau street. A mob went to the house at 1 o'clock this morning ostensibly to catch a couple of negroes who were said to reside there. In the house were Hannah, her 62 year old husband, a son and an infant child. The mob broke into the house and shot the woman so desperately she died on the way to the hospital. Her son claims he recognized two of the murderers and gave their names to the police.

There were disturbances reported today from various parts of the city due to the fact probably that more negroes ventured out. Special police, however, gathered in a large number of characters on the streets who were unable to give a satisfactory account of themselves, and it is thought the effect of these arrests will be gradually to restore order.

One negro was beaten on Poydras street, but citizens interfered and caught one of the toughs. The city has been full of rumors of the capture of Charles, the desperado who slew Day and Lamb and wounded Mora, but he has not yet been apprehended.

Several hundred negroes have left the city to hunt for homes elsewhere.

## FILIPINOS COMING.

A Number Will Attend Universities in This Country from Philippines.

Berkeley, Cal., July 27.—The Philippine commissioners contemplating sending natives of the islands to the United States to study. The first news concerning this important new policy was brought by a letter from Bernard Moses, professor of history in the University of California and a member of the Philippine commission, in a letter just received by President Benjamin Ide Wheeler. The letter says in part:

"From observations already made, I am inclined to think that we shall find among the young people of the islands a large number of eager and competent students, and I hope some arrangements may be made by which, from time to time, a goodly number may be sent to the schools of America. It may, perhaps, be found advisable to render some assistance from public funds. It is quite likely that in this way we can help to bring the people of the islands to appreciate somewhat the civilization of the United States, and to mark the difference between the America and Spain."

French Generals to Be Restored.

Paris, July 27.—It is highly probable that several generals who were put on the retired list by former Minister of War de Gallifet after the Dreyfus trial, will shortly be reinstated in the army. Generals de Negrier and Zurlinden will both probably receive command of army corps. This further proof of the government's conciliatory policy will be favorably received by public opinion.

## POLITICIANS ARRESTED.

Social-Labor Candidates Violate an Ordinance of Pittsburgh.

Pittsburg, July 27.—Val Remmel, the Social-Labor candidate for the vice presidency, Paul Dinger of Cleveland, congressional candidate of the same party in the Twenty-first Ohio district, and William G. Cowan, candidate for the Pennsylvania legislature in the Fifth district, spent a brief time in the South Thirteenth police station Thursday night for disregarding police regulations. It is required that prior to notice of street meetings notice be given to the police and permit secured for the same. Socialists have frequently refused to obey the order and last night Inspector Bradley with a detail of police swooped down on the meeting, arresting the orators and dispersed the crowd. Remmel, Dinger and Cowan were locked up on charges of violating a city ordinance and later released on forfeits of \$15 for a hearing.

## Hanna at Headquarters.

New York, July 27.—Senator Hanna, chairman of the Republican national committee, has reached the national headquarters. He was accompanied by Cornelius N. Bliss, treasurer of the committee. Mr. Hanna said he was much pleased with the situation, but at present had little say for publication. After he had settled he might be able to make some statement. Mr. Hanna went into conference immediately with Cornelius N. Bliss, Senator N. B. Scott, Joseph Manley and Fredrick S. Gibbs.

## No Headquarters in New York.

New York, July 27.—Senator James K. Jones, chairman of the national Democratic committee, is at the Hoffman House. He said no national headquarters would be established in this city at present, as the Democratic state committee would manage the campaign in New York state until such time as might be deemed necessary to establish national headquarters. He will remain here five days.

## Imperialism His Main Question.

Lincoln, July 27.—W. J. Bryan says imperialism will be the only question treated at length in his notification speech at Indianapolis. The remaining questions will be taken up in his letter of acceptance and subsequent speeches.

## RENFRO HANGED.

He Pays the Penalty for the Murder of M. M. Williams.

Cleburne, Tex., July 27.—John Renfro was hanged here at 12:12 o'clock this afternoon for the murder of M. M. Williams, which he committed in February, 1899. Renfro made a short talk to the thirty or more persons who witnessed the private execution in the Johnson county jail. He said little of his crime, and complained of not having been treated fairly in his prosecution. Most of his talk was moralizing and advising in character. He met his fate calmly. His neck was broken by the fall.

## STORMY VOYAGE.

Steamer Alameda Reaches San Francisco from Australia.

San Francisco, July 27.—The steamer Alameda, which has just arrived from Sydney via Apia and Honolulu, nearly a day ahead of her schedule time, brought \$2,500,000 in gold from Australia. She made the trip in 22 days.

Soon after leaving Sydney the Alameda ran into the worst storm she has encountered in many years. It was necessary to lay to for several hours on two occasions, but this did not prevent the terrible seas from leaving their marks upon the vessel. The big brass top of the massive capstan on the forward deck was wrenches off by a huge wave, and the pilot house was partially wrecked, and several splices broken out of the wheel. The quartermaster at the wheel was thrown down by the force of the water, but sustained no serious injury. The steamer's rail and the bench alongside were badly wrenches and battered and other minor damages resulted from the waves which boarded the vessel. Except for this experience the voyage of the Alameda was uneventful.

Passengers arriving from Apia report that affairs were extremely quiet when the Alameda left there.

## Island Purchased From Spain.

Washington, July 27.—Arrangements have practically been completed for the purchase from Spain by the United States of the islands of Cibitou and Cagayan, which were left in Spanish possession by the treaty of Paris, although part of the Philippine archipelago. The purchase price has not been made public.

## Finally Gets Control.

New York, July 27.—The Baltimore and Ohio railway has at last secured control of the Pittsburg and Western Railway company, and the last obstacle to the reorganization of the Pittsburg and Western railway, which has been in the hands of a receiver since 1896 has thus been removed.

## Her Head Crushed.

Lovelady, Tex., July 27.—Georgie Ann Jones, a negro, wife of Frank Jones Jr., better known as Bud Jones, was found dead in her house here, her head having been crushed with an ax. The officials are searching for a suspect ed party.

## Request Refused.

Phoenix, Ariz., July 27.—Acting Governor Akers issued an answer to the request of the Texas officers for clemency in the case of the Laddeman brothers, refusing to grant a commutation of the sentence to hang Aug. 10 at Tombstone.
